High Designation: High Achieving - Status

Moapa Valley High School has been classified as a school which demonstrated Adequate Yearly Progress during the 2010-2011 school year. Classification as demonstrating AYP is due to the school's meeting all No Child Left Behind criteria in the areas of English language arts (ELA), mathematics, and the school-wide other indicator.

Summary of Standards-Based Test Performance

Nevada uses the High School Proficiency Exam (HSPE) to measure student achievement relative to Nevada's academic standards. Data in this table are a compilation of test results for grades represented at this school and may not represent the figures that were used to determine this school's Adequate Yearly Progress. For grade-specific assessment results and other assessment information, refer to the Nevada Report Card Website at www.nevadareportcard.com.

ED = Percentage of students performing in the lowest range of achievement (Emergent/Developing)
 AS = Percentage of students performing in the Approaches Standards range of achievement

As a result of substantive changes to the content and rigor of the 2011 reading assessments, direct comparisons should not be made between 2011 performance and performance in previous years.

Per-Pupil Expenditures 2009-2010

The Nevada Department of Education in consultation with InSite adjusted the formula used to calculate per pupil expenditures beginning with the 2009-2010 Annual Reports of Accountability. Therefore, we have two appropriate comparisons sets; comparisons 2003-04 SY through 2008-09 SY and comparisons of 2009-10 SY and forward.

Moapa Valley HS Total Cost Per Pupil = \$10,984.63
 District Total Cost Per Pupil = \$7,757.17

Per-Pupil Expenditures By Category

Schools showing only \$0 have not been in operation long enough to have data for 2009-2010.

Parent/Community Involvement

Parental engagement is essential to student success. At Moapa Valley Empowerment High School, we encourage parental participation. Parents and community members are involved in both academic and extracurricular activities. The high school athletic contests have among the highest attendance rates of any comprehensive high school in the district. They are truly family events with audience members ranging in age from newborns to ninety years of age. Parents serve on a number of committees at Moapa Valley Empowerment High School including: Parent Advisory Committee, School Improvement Planning Committee, School Empowerment Team, Technology Committee, and Attendance & Discipline Committee. The local Community Education Advisory Board meets every 6-8 weeks to address the educational issues facing all Moapa Valley schools. Our combined school website and online grading programs permit parents to review academic progress as well as information on athletics and activities. At Moapa Valley Empowerment High School we believe that parent and community involvement are essential to our ability to succeed as a school.

Note: District totals do not include state or district sponsored charter school data.

The development of this annual school accountability report is a joint effort among the Nevada Department of Education, Otis Educational Systems, Inc., and Nevada school districts.
